In the same building as the school we have seven modern new apartments available for students (four singles and three doubles), which have been adapted for disabled people.

Each apartment has a private bathroom, study desk, TV, air-conditioning, a fully equipped kitchen, fridge and microwave. The building's facilities also include an Internet room, lounge, washing machine and drier, terrace, optional laundry service, and weekly cleaning (including fresh towels and sheets).

Why one-to-one courses for learning Spanish?

One-to-one or two-to-one course offer the maximum flexibility and specialisation.

They are very useful for students who need flexible class hours and those with specific goals (pronunciation, specific work-related requirements, etc.) and only a limited time in which to achieve them.

They also help students to concentrate on their weak areas and those they are specifically interested in.

Why Almansa?

The town is a very pleasant, safe place to live, with all the services and facilities you could need (pubs, sports facilities, restaurants, bares, swimming-pools, hospital, etc.), even though it's quite a small town (only 30,000 inhabitants).

In Almansa there are no other official languages in the region and the local accent is very mild. You're also going to come across very few foreign tourists, so you'll have little temptation to talk in anything but Spanish during your stay.
